

**HYGEM – 32/44/68**

Anti-wear Hydraulic Oil

Hygem are superior Hydraulic and circulating oils derived from highly selective refined mineral oils. They have natural high viscosity index to work smoothly at elevated temperatures. Hygem impart excellent anti-wear, anti-oxidant and anti-foaming properties. Hygem are very hydrolytically, chemically and thermally stable. They provide outstanding lubrication to wide range of equipment's. The excellent demulsifying property helps quick water-oil separation in case of any occurrence. Hygem gives satisfactorily long life service, reduce cost and down time. They are compatible with nearly all type of rubber seals

TEST PARAMETERS	HYGEM - 32	HYGEM - 44	HYGEM - 68
Appearance	Bright	Bright	Bright
Kinematic Viscosity @ 40°C c.st.	29 to 35	41 to 47	61 to 75
Viscosity Index min.	100	100	100
Pour Point max.	-5°C	-5°C	-5°C
Flash point min.	190°C	190°C	190°C
