

RUSTPROOF – 06

General purpose Rust Preventive Oil

Rust proof – 06 made from highly refined petroleum low viscosity base fluids. The specially designed and formulated additives along with specially selected dewatering compounds helps in good drying rate. The low viscosity of the oil helps in faster coverage of the object and also displaces any water left on the surface. It can withstand oxidation up to 2-3 months for indoor purpose.

TEST PARAMETERS	SPECIFICATIONS
Appearance	Clear, Light Brown
Density at 27° C gm/ml	0.83 ± 0.02
Viscosity in c.st @ 40°C	6 ± 2
Flash Point	110 ± 5° C
Pour Point	
Copper strip corrosion test for 3 hrs. at 100°C	Passes test
Cast iron corrosion test	Passes test
